

KENT STATE UNIVERSITY NATIONAL RESIDENCE HALL HONORARY BLACK SQUIRREL CHAPTER

Greetings from Kent State University! We want you to know that all of our residence hall rooms are furnished with extra-long twin beds. We would like to offer you an option to ensure that you do not arrive on campus with sheets that are too short to fit your bed properly.

We have developed a relationship with a company which coordinates large volume orders of linens. One complete set of custom-fitted, high quality linens has been reserved for each new Kent State University student. Since we need so many, we can also pass along a good deal to our students.

Last year, more than 70% of all buyers selected one of the Value Packages so they wouldn't have to worry about the right size, quality, and combination of linens. Value Packages make the whole process quick and easy, plus shipping and handling is FREE.

Besides being a great deal and guaranteed to fit the mattress, this partnership also serves as a fundraiser for the National Residence Hall Honorary (NRHH) here at KSU. NRHH is a student organization whose sole responsibility is to recognize students in the residence halls. By helping us to raise money, you give us the opportunity to recognize all the great things that are happening in the residence halls. The money you help us to raise enables us to be able to organize events, and also co-sponsor things with other campus organizations.
